# BLUEPRINT INCOME

Most insurers held their immediate annuity, longevity annuity and fixed annuity rates constant last month, but there were a handful of insurers that dropped rates.

## 10-YEAR AND 30-YEAR TREASURY YIELDS

After several consecutive months of Treasury Bond declines, things leveled off in April. 10-year Treasury yields were 2.49% on April 1st and closed at 2.52% on May 1st, so they were effectively flat on the month. Lots of uncertainty exists right now about the Fed's future path of interest rates.
